

**To: Toyota Fleet Customers & Fleet Management Companies**  
**Subject: Toyota Launches Prepaid Fleet Data Packages**

As part of our ongoing commitment to enhancing your fleet management experience, Toyota is pleased to introduce two new prepaid fleet data options, offering seamless access to advanced vehicle data APIs and services.

Designed to help you optimize performance, enhance safety, and improve operational efficiency, these new data packages deliver actionable insights to support smarter, faster decision-making. With more value and flexibility, they represent the next step in driving innovation for your fleet.

### Standard

Add Premium Data Package  
PPO Accessory Code (F3): \$500

### Accessing Data

Access to data requires data integration through one of the following two options:\*

**(a) Direct API Integration** – Requires a signed Data Services Agreement with Toyota; or

**(b) Third-Party Integration** – Work with one of our approved data partners (additional fees apply).

## Benefits

- Bundle data purchase with your vehicle order.
- Data availability for up to 5 years (4G dependent).
- Prepaid data transferable with vehicle ownership.\*
- Coverage starts with new vehicle warranty.

## Approved Data Partners

\*New vehicle owner will be required to access data through direct API integration with Toyota or one of our approved data partners.
